# DRINKS MENU

Hettie's Grampa Donnie loved his tea and knew a good cuppa!  
Sadly Grampa Donnie, toddled off this planet before he saw Hettie's Tearoom in action.  
But we suspect he would have loved a cup of Hettie's loose leaf tea, like his Auntie Katie in Oban used to make, along with a wee bit of Millionaire Shortbread or a delicious Scone!

At Hettie's we hand blend all our loose leaf teas. We use the very best tea leaves and botanicals we can source to give you a really wonderful authentic cuppa.

Quality is important to us when we make your tea. Water temperature is always correct, the amount of tea used is measured and the brewing time is carefully monitored by the use of a tea timer.

You deserve a brilliant cup of tea and it is important to us that we provide this for you.

We are bonkers about tea here at Hettie's and are really keen for you to love your tea.  
If, for any reason you don't, please let 'us' know!

*A big gooey slice of tea and cake heaven*
